IMPACT LIGHTING’S ION-CUBE WALL WASHER USED ON ORLANDO CITY HALL

Orlando, Florida 32805 12 June 2017 - Impact Lighting Inc. a manufacturer of LED and Fiber optic lighting products has sold its ION-CUBE RGB+W light fixtures to the City of Orlando to use on the roof-top of City Hall.

The light fixture is programmable with over 16.4 million color combinations and will be initially be set on a rainbow color scheme for the month of June to honor The Pulse nightclub victims. The units will tie into the city DMX lighting control system and the color scheme can be changed for seasonal holidays, sporting or special events.

Impact Lighting is a privately held company founded in 2005 that manufactures both custom and standard LED and fiber optic products for the architectural, commercial, and residential and swimming pool lighting markets. For more information visit the Impact Lighting website at impactlightinginc.com.
