## VISUAL BUBBLE WALLS™

Once filled with water and turned on they provide a peaceful and constant flow of bubbles which float up inside the wall. The lights can either slowly rotate through a spectrum of colors or remain as a single color. The bubble walls have a variety of applications they can be locked together to create a wall or partition, used against a wall as an architectural visual display of light and movement, a reception feature or to create a whole room of bubbles and light (create a VIP lounge), hotel entrance lobby, Exhibition stands, Point of sale and more....

### **Blue Wall:**

A touch of the sea is captured in the uniquely shaped, zen ocean-theme bubble wall. Blue represents truth, wisdom, heaven, eternity, devotion, tranquility, loyalty and openness. The presence of this color in your bubble wall, may symbolize your spiritual guide and your optimism of the future. You have clarity of mind.

### **Red Wall:**
