

# LIGHTED CLEAR FORM™

## **GALAXY CLEAR FORM FLOOR, WALL AND CEILING™**

An idea for a dramatic lighting project which takes advantage of LED capability that works safely in wet areas. Galaxy Clear forms™ are increasingly popular as a way of providing a feature or accent in ceilings, walls and floor décor and now you can take advantage of their translucency to come up with a way of permanently integrating lights into walls, floors and ceilings.

Clear forms™ wall, floor and ceiling panels, with color-changing LEDs, are great for decorating hotel lobbies, restaurants, hospitals, stage lighting, health clubs, nightclubs, and airports.

Clear form™ units are designed to be placed on wall, floor or ceiling and can be CNC in a variety of shapes. One unit can stand alone as an art piece.

50

The 3D design provides a dynamic and dimensional feel to any decor whether the lights are on or off. The panels are available without lighting.

These panels are illuminated with - state of the art LED technology - and are available in a variety of sleek, luxurious, and stylish designs.

The lights are fully programmable making it possible to have several stunning shows with a push of the button.
