Waterfall Series VISUAL RAIN FALL

FIBER OPTIC LIGHTED RAINFALL

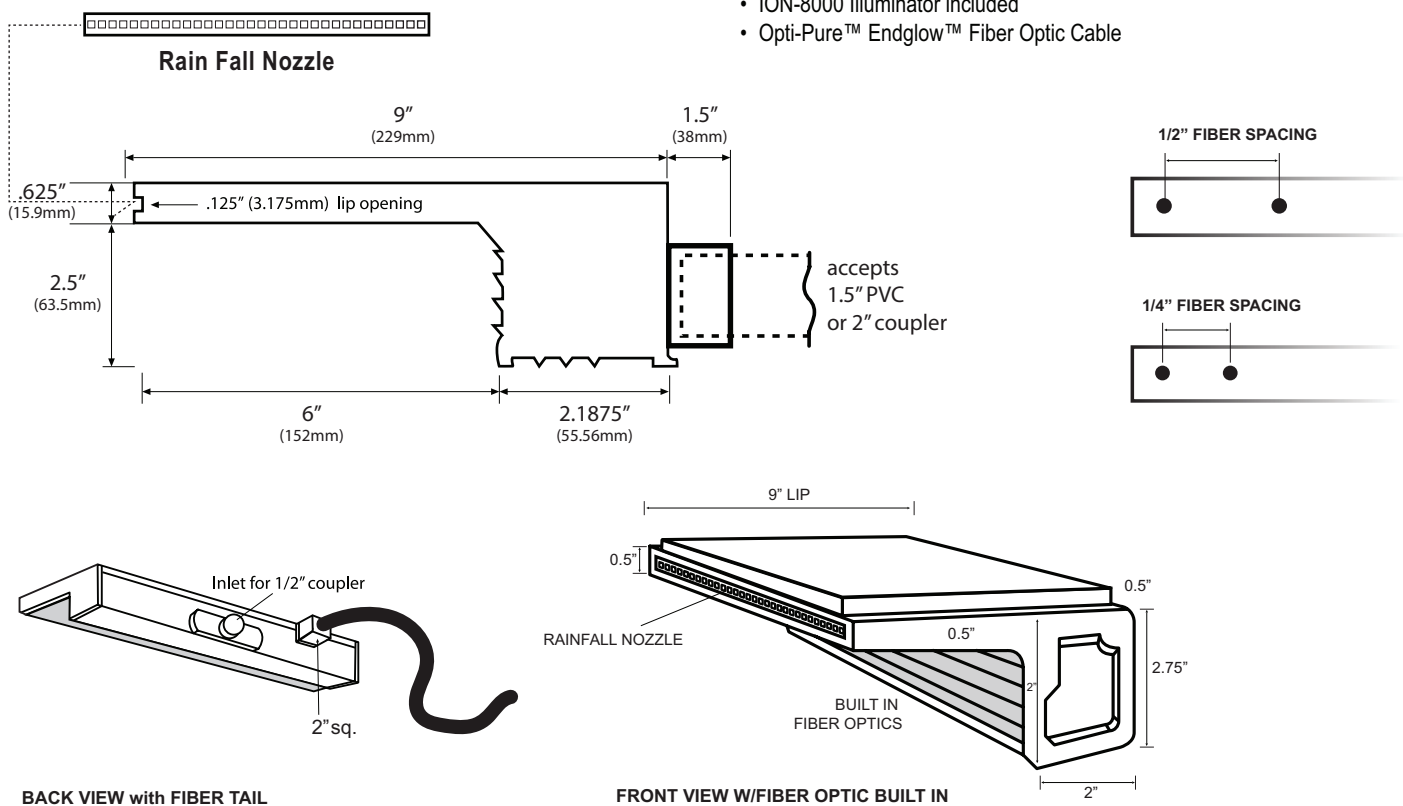

Visual Rain Fall

DESCRIPTION:

Impact Lighting's Visual Rain Fall, from our waterfalls series adds dramatic visual and sound effects to outdoor living areas. From rooftop structures, water walls or fountain overhangs, our visual waterfall series come in standard lengths from 12-96" and can be custom retrofitted for custom applications. All waterfalls are back fed and have a variety of choices in brightness, color and stream spacing. Fiber optics and our powerful ION-8000 Illuminator allow for color change and programming.

FEATURES:

- 12", 18", 24", 36", 48", 60", 72", 84", 96" length options
- Custom lengths available
- Bright and Super Bright LED options
- 40ft. Fiber Tail (standard)
- ION-8000 Illuminator included
- Opti-Pure™ Endglow™ Fiber Optic Cable
